

TIMES ARE A CHANGING AND SO IS SLGCC CURLING!

SLGCC will be piloting a new Membership based fee structure for the 2021-22 curling season.

Concept - Pay a one-time seasonal member fee, then pay for league as you participate. Just like Golf memberships, the more you Curl the more you get your money's worth. Savings for the individual curler but increased revenue for the Club. All regular club leagues will now be offered in two 8 week sessions.

How it works

Pay a seasonal curling member fee of \$125 (plus HST) includes NOCA fees (aka. participant insurance).

Must be a registered member to curl in any league.

Members only allowed on ice during league play.

Reduced League fees.

No limit to the number of registered members on a league team. (NOTE: only 4 members per team permitted on ice surface at any one time).

All members are registered and insured to be on the ice.

Cost saving in curling multiple leagues per week

Added Members Benefits

Club voting rights at AGM – Club pride and interest

Pro shop savings on equipment, clothing, rentals etc.

Ice rentals and event booking rates

Drop in, or spare on other league nights with no fee

Reduced Member fees for under 18 and historic voting members (shareholders)

Discounted bonspiel, and fun spiel event fees

Free participation in some club hosted events

Can book league make up ice time

League fees

All weekly leagues will now be offered in 8 week sessions.

League fees will be \$300 (\$150 for Doubles) per session. League participants will register under a team name.

Any registered member can spare for any league team.

Non Members

Can still “pay and play” in private or club hosted events, bonspiels and fun spiels

Can participate in club recruitment events (i.e. Business league, learn to curl sessions, youth programs etc.)

Drop in ice rates are \$25/person per 2 hour ice times (regular game times)

What do member fee revenues contribute to?

Business and operational costs are on the rise as all business owners are aware of. Membership fees will help keep the facilities staffed, open and maintained, regardless of league participation numbers or public health shutdowns. Memberships are non-refundable. However, should COVID disrupt the curling league season again, league fees will be reimbursed at a prorated rate.
